

Nursery - Can you make some 2D shapes? Put 1 in each corner of your room, can you call out a shape and see if your child can run to the correct shape? You can use square, rectangle, triangle, circle, star, heart.....what can your child tell you about the shapes?

Reception - Use blocks to make a tower in 30 seconds. How many blocks does their tower have? You can remind them about careful counting. Can they find one more and one less? When your child has done this a few times, extend the time to 1 minute- can they begin to guess what 1 more and 1 less would be before checking?

Year 1 - See printable sheet, this is a revision sheet your child had already been taught this in school and is just a reminder as it is very easy for children to forget things when they haven't done them for a while. -----If your child finds this easy as we have some gifted year 1 children, then please use the year 2 sheet.

Year 2 - See printable sheet, this is a revision sheet your child had already been taught this in school and is just a reminder as it is very easy for children to forget things when they haven't done them for a while.

For physically active maths lessons you can go to the website homeschool.mightmaths.co.uk There are short videos of around 15 minutes each containing arithmetic sessions. The lessons are in line with the national curriculum.

TUESDAY

Nursery - Can you make some lines on a page it could be zig zag, curvy lines or looping lines. Can your child use a brightly coloured pen to trace over the lines you have made? Encourage them not to rush and to stay on the line as much as possible.

Reception - Can your child make an Eid picture for a family member which you could post on your daily walk? Your child could write an Eid message on their picture.

Years 1 and 2 - Can you write a poem about the coronavirus? You could do this as an acrostic poem. This is where the words are written vertically down the page and each line must begin with the letter of that word. e.g.

Coronavirus will make you ill

Our NHS is working hard to help the sick. (The next line would be R)

Nursery - On your daily exercise walk can you look at local shop signs and signs you may find on the road? Talk about what happens at the vets or the barbers when you see these shops. Can your child spot any letters they have in their name in the shop signs?

Reception - Have a teddy bears picnic with your family. Each person in the family can choose their favourite book and teddy and then make some food for you all to share either outside or inside. Can your child talk about their story and read a part of it to you? Maybe they can use the pictures to help them. Why did they choose that book?

Year 1 and 2 - Could you find some EID poems online that you could share with your child. Could they perform them to you? Which poems did they like best? Can they say why they like the poems or maybe why they don't like the poems? Remember not all poems have to rhyme.

All- Can you talk to your children about Captain Tom and why he has been in the news? Why is he called Captain? Why has what he has done so incredible? How old is he? How did he raise so much money? Where did the money come from?

Can you think of a challenge for yourself? It could be 100 star jumps, going up and down the stairs 20 times? Walk around your garden 50 times?

All- Make some decorations for EID, if you go to the website Twinkl it will have some free things that you can print off and use.

Please don't forget to use purplemash it has many different resources covering different topics, they are also setting weekly tasks for 5-7 year olds. This week activities are based around a story called Ned and the Jungle Animals.

This week they have included things for 3-5 year olds all about Spring.

Things that are happening daily.

9 am PE with Joe Wicks (Mrs Asquith-Dolan can confirm this is great for all the family)

Find him on Youtube he is known as the body coach.

10 am Maths with Carol Vorderman - www.themathsfactor.com

11 am English with David Walliams story telling - <https://www.worldofdavidwalliams.com/elevenses/>

12 pm Cooking with Jamie Oliver - <https://www.jamieoliver.com/features/category/get-kids-cooking/>

1 pm Music with Myleene Klass - Also found on Youtube

FREE STORIES perfect to finish off the day at bedtime - <https://sooperbooks.com/bedtime-stories/>
